**Global market intelligence for
institutional real estate investment**

EDITORIAL

IPE Real Estate is a leading resource for the global institutional real estate investment industry. It provides market intelligence and analysis of global property markets for a targeted institutional readership.

At the heart of IPE Real Estate's coverage are the ambitions of and challenges facing pension funds, insurance companies, sovereign wealth funds and other institutional capital owners.

We use our network of international journalists, contacts within the pension fund industry itself and close collaboration with global trade associations to provide up-to-date, independent coverage of the latest investor trends, investment research and market developments.

The magazine can also draw on the unique experience of its sister title, Investment & Pensions Europe (IPE), which has been covering European pension funds and other capital owners since it was founded in 1997.

The magazine has widened its remit in recent years to cover the burgeoning real assets markets, reflecting a similar shift among institutional investors. We apply the same approach to these markets, whether infrastructure, agriculture, forestry or alternative property types like healthcare and social housing.

IPE Real Estate is published every two months and is supported by a regular online news service at www.ipe.com/realestate

NEWS

The latest developments and trends in the institutional real estate markets, including investments, allocations, fundraising, mandates and research.

outlining the key trends. Also, discussion of the pros and cons of investing in the featured region from the point of view of the capital owners, along with the inclusion of relevant market data.

GEOGRAPHIC DISTRIBUTION

IPE Real Estate's current audited Audit Bureau of Circulations (ABC) average net circulation is 8,915 (July 2014 to June 2015). The ABC was launched in 1931 in response to a demand from advertisers for independent verification of the claims made by advertising sales teams and so provides further transparency for readers and advertisers.

IPE Real Estate is published bi-monthly and is additionally distributed extensively at leading real estate conferences and exhibitions internationally, providing advertisers with additional key readers throughout the year.

Sponsored statements are an ideal opportunity for companies to provide the readership of IPE Real Estate with promotional, educational or other editorial, research or corporate profiles.

Text should be sent as a Word file. Approximately 1,100 words per page (inclusive of title and compliance.) Images/logos etc. should be sent as high resolution (300 dpi) images. These can be sent as: TIF, JPEG or EPS files. Charts to be sent in Excel.

ONLINE REFERENCE HUB & REIM IN PRINT

Now in its twelfth year, the REIM Guide has long established itself as an indispensable source of information for the institutional real estate investor navigating a complex landscape of investment offerings against a backdrop of continuing economic challenges.

The directory includes manager profiles split into the four key regions: Europe, North America, Latin America and Asia.

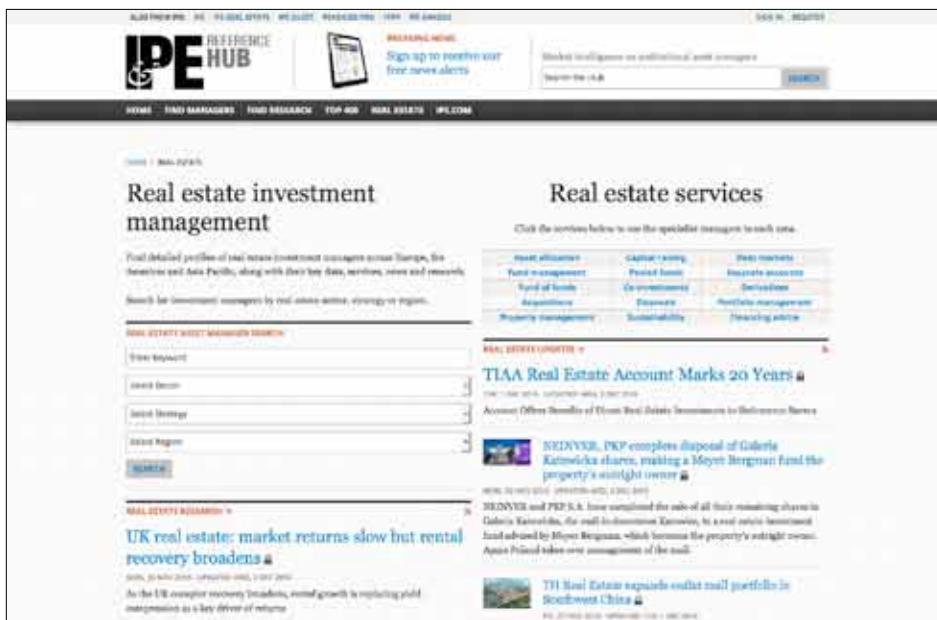

The IPE Real Estate Reference Hub

The REIM Guide supports a state-of-the-art online content marketing reference hub. This allows investors to carry out in-depth research on managers relevant to their specific requirements. The service also allows pension funds easy access to the corporate overview, investment strategies, key data, services and products, key people and offices of the investment managers. Each investment manager can post press releases, white papers, webcasts and videos on its Reference Hub homepage, which appear in investor searches. IPE Real Estate news is hyperlinked directly to the manager's homepage, driving traffic to the company's profile.

IPE REAL ESTATE WEBCASTS

IPE webcasts are an increasingly popular and innovative way of showcasing manager expertise with an engaged online audience. IPE markets the client webcast via email marketing and captures the registered subscriber details that are delivered back to the webcast client post event. The captured webcast subscriber details include job title, phone number and email addresses (subject to data protection rules).

- ◆ For each webcast, IPE appoint an independent moderator to chair and host the event and help the client manage the Q&A interaction plus open and close the webcast.
- ◆ Webcasts are also stored on the Webcast channel on www.ipe.com where we continue to capture viewing registrations.
- ◆ A minimum six-week lead-time is required on all webcasts to help IPE optimise the best possible audience.
- ◆ The webcast can be hosted from multiple locations remotely or from one central office location.
- ◆ The webcast format is a live-recorded 'session' of no more than one hour.
- ◆ Each webcast is streamed live via a custom-branded player which features the speaker's photograph, voice, slides and customisable tabs including Q&A/feedback, the facility to ask your own pre-agreed questions of the audience and user support.
- ◆ A recording of the webcast is available for anyone unable to attend the live broadcast.

IPE typically runs between 15-18 webcast events per year and average a range of between 200-400 registrations per webcast.

IPE REAL ESTATE GLOBAL CONFERENCE & AWARDS

Now in its 12th year, the IPE Real Estate Global Conference & Awards is firmly established in the Real Estate event calendar and has become the premier event for institutional investors. The full-day conference, at the **NH Collection Grand Hotel Krasnapolsky in Amsterdam on 12 May 2016**, is a forum for investors to examine the key issues facing the industry. The evening Awards ceremony will recognise and reward best practice, outstanding performance and innovation among real estate investors.

CONFERENCE THEME FOR 2016 - RIDING THE CYCLE

After several years of recovery, strong returns and low interest rates, investors face the next stage of the market cycle. Capital raising, transaction volumes and competition for assets are all peaking. Investors have the challenge of deploying capital while avoiding mistakes of the past. Meanwhile, longer-term shifts related to technology, demographics and urbanisation are also transforming markets. The IPE Real Estate Global Conference will examine how investors negotiate both cyclical and structural obstacles and stay on track.

FIVE GOOD REASONS TO SPONSOR THE IPE REAL ESTATE GLOBAL CONFERENCE & AWARDS 2016

- 1.** Promotion of the event and exposure for your brand through a **magazine circulation** of 9,000, over 8,000 unique users visiting realestate.ipe.com each month and a readership of 27,000 for the news alerts during the six-month global marketing campaign.
- 2.** With **more than 20 categories** covering regions and specialist activities, you can align your brand as the expert in your chosen field.
- 3.** The conference agenda is a major draw for pension funds and other investors because it will **address the key issues facing the market** and will provide investors with the opportunity to:
 - ◆ Exchange ideas
 - ◆ Learn from global industry professionals
 - ◆ Debate the new developments occurring within the real estate market.
- 4.** You will be **hosting your top clients** at the champagne reception, gala dinner and Awards ceremony, presenting the Award that you have sponsored, as well as having the opportunity to network with other guests.
- 5.** The event provides a unique opportunity to meet senior level investors with responsibility for their organisation's real estate portfolio.
